

## PROBLEM OPENING PDF FILES IN GOOGLE CHROME

Try these steps:

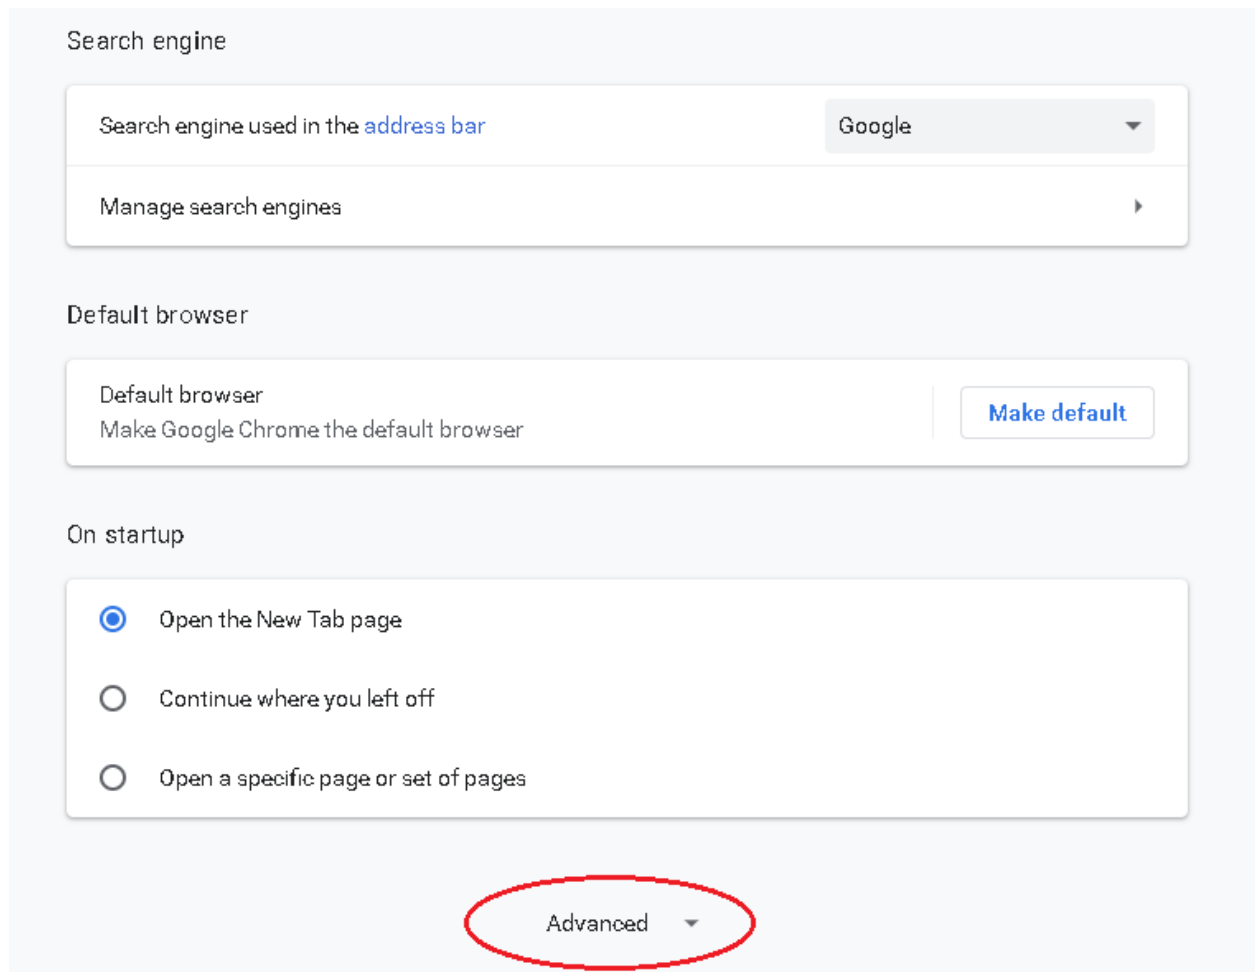

1. Open the Chrome menu by clicking three dots at the top right corner

2. From the drop down click on **Settings**.

3. Scroll down on the settings page and at the bottom click on **Advanced**.

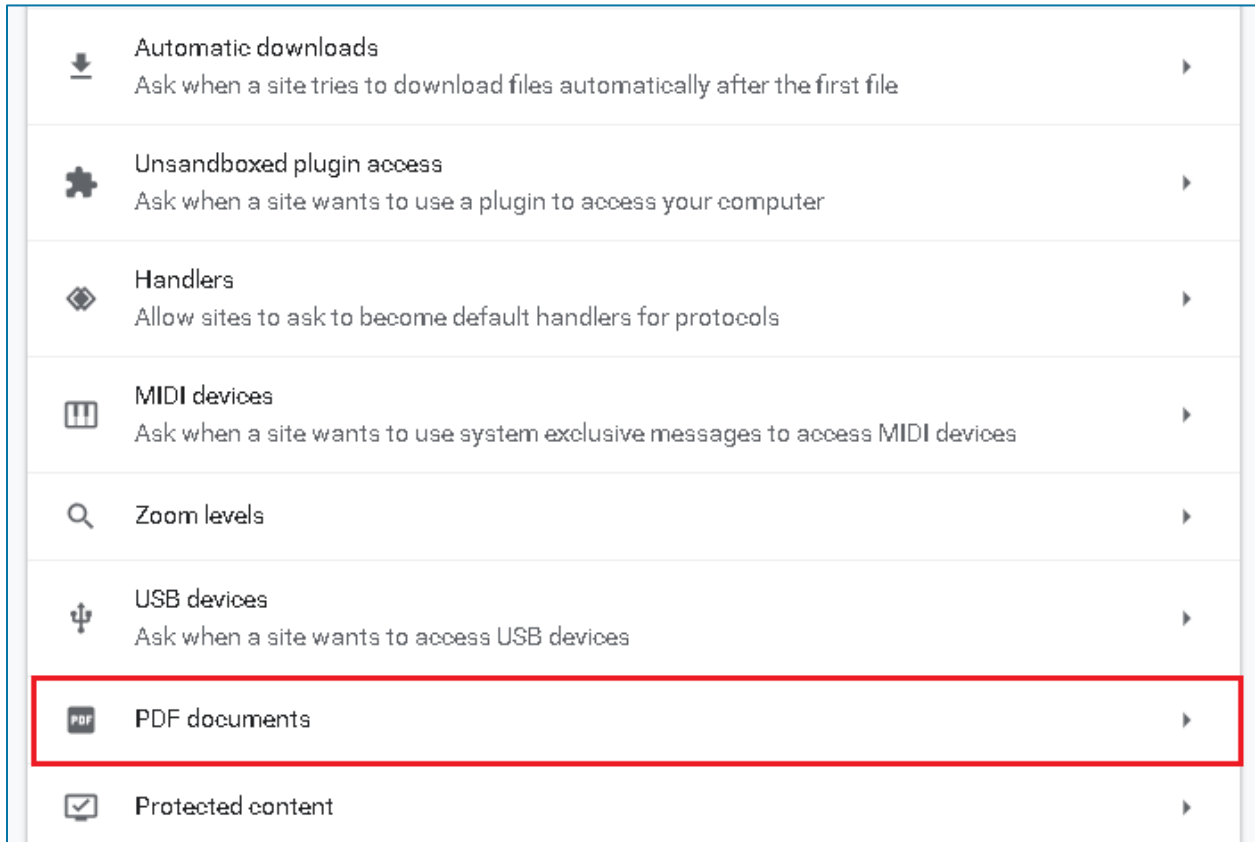

#### 4. Under "Privacy and security," click Content settings.

Privacy and security

Google Chrome may use web services to improve your browsing experience. You may optionally disable these services. [Learn more](#)

- Allow Chrome sign-in  
By turning this off, you can sign in to Google sites like Gmail without signing in to Chrome
- Use a prediction service to help complete searches and URLs typed in the address bar
- Use a prediction service to load pages more quickly
- Use a web service to help resolve navigation errors
- Safe Browsing  
Protects you and your device from dangerous sites
- Help improve Safe Browsing  
Sends some system information and page content to Google
- Automatically send usage statistics and crash reports to Google
- Use a web service to help resolve spelling errors  
Smarter spell-checking by sending what you type in the browser to Google
- Send a "Do Not Track" request with your browsing traffic
- Allow sites to check if you have payment methods saved
- Manage certificates  
Manage HTTPS/SSL certificates and settings 
- Content settings**  
Control what information websites can use and what content they can show you 
- Clear browsing data

5. Scroll down to click **PDF documents**.

6. Turn **ON** Download PDF files instead of automatically opening them in Chrome.
